APPENDIX 25 – REQUIREMENTS FOR ALL STAGE RALLIES

ARTICLE 2.8.1.1 – Stages

2.8.1.1 – Stages

Organisers must allow a minimum of 3 minutes from all Arrival Controls to all Stage Starts when compiling Time and Distance schedules to allow the crew to prepare for the stage start and come to the start line. Stage Maximum. Distance in kilometres X1.35 (round down to nearest minute). For all stages up to 11 kilometres in length, a 15 minute stage maximum will apply.

(This may have to be amended for short forestry stages. However, care should be taken to provide sufficient time to check the stage in safety).

Course Car Schedule Timing (Time Allowed). Distance in kilometres X1.20 (round up to nearest minute) - i.e. average 50kph.
